RE: Letter of Support – Launch of Electric Vehicle Charge Station

On behalf of the Victorian Branch of the Australian Electric Vehicle Association (AEVA) please accept this letter of support and our warm congratulations on the launch of Yackandandah's first electric vehicle charge station.

The AEVA is a non-partisan, volunteer run, not-for-profit organisation dedicated to the cause of switching Australia's transport networks to electric drive as quickly as possible. We support your community efforts to power Yackandandah with 100% renewable energy and share your sentiments that this can be done, providing resilience, savings and lower emissions.

We wish you all the very best for your charge station launch on Sunday 28th August 2022 and in your next steps towards a clean energy transition.

Congratulations and well done!

Yours sincerely,

Chris Nash
Branch Chair

Rick Molloy
Secretary
